Dear Mr. Dulles:

How do we know those Russian ships which seem plausible enough as space cone finders or retrievers, aren't something much more dangerous to the U.S.?

Please urge Herter to stand firm and not weaken about restricting Khrushchev's and Castro's moving about. Remember it was Mrs. Roosevelt's pleadings which succeeded in releasing Gerhardt Eisler.

Don't let the communists assemble on Long Island, where they have no doubt a deep underground shelter for themselves.

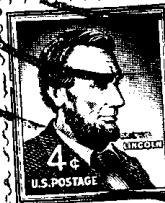

Best wishes,

Frances Johnston

P.S. Best thing ever done was having aerial investigation over the USSR; congratulations.
